Event Date and Location

**Loudoun County High School
Class of 1963
50th Reunion**

Date: September 7-8, 2013

Location: Loudoun Golf & Country Club
Purcellville, VA 20132

ALMA MATER

*Oh, hail thy name, Loudoun High
Our treasured blue and gold.
We praise thy grace and dignity,
Thy glories to behold.*

*We'll evermore thy name adore,
And honors to thee bring.
And now to Loudoun High School
Thy praises we will sing.*

*Oh, Loudoun High, school adored,
Our Alma Mater dear,
Fond memories of thee we'll hold,
Our hearts and minds to cheer.*

A SPECIAL THANKS TO...

The Reunion Committee

FOREWORD

As you flip through the pages of this 50-year reunion booklet, I expect it will be like hitting the “rewind” button of your mind. No doubt it will trigger many more fond memories than we could include here.

However, I expect you will also discover it includes an enthusiastic celebration of 50 years of personal challenges met, more wonderful memories made, and snippets of hopes and dreams fulfilled in the lives of those we learned to know and love...our fellow classmates of Loudoun County High School Class of 1963.

The Class of 1963 Reunion Committee

1963

*The Faculty and Senior Class
of
Loudoun County High School
announce their
Ninth Annual Commencement
Monday evening, June tenth
Nineteen hundred sixty-three
eight o'clock
High School Auditorium
Leesburg, Virginia*

POEM

There are two days in every week
about which we should not worry,
Two days which should be kept free of fear and apprehension.

One of these days is YESTERDAY,
With its mistakes and cares,
Its faults and blunders,
Its aches and pains.
YESTERDAY has passed forever beyond our control.

All the money in the world cannot bring back YESTERDAY.
We cannot undo a single act we performed; We cannot erase a
single word we said.
YESTERDAY is gone.

The other day we should not worry about is TOMORROW With
its possible adversities, its burdens, its larger promise.
TOMORROW is also beyond our immediate control.

TOMORROW, the sun will rise,
Either in splendor or behind a mask of clouds, But it will rise.
Until it does, we have no stake in TOMORROW for it is as yet
unborn.

This leaves only one day - TODAY.
Any man can fight the battles of just one day.
It is only when you and I add the burdens of those two awful
eternities
- YESTERDAY and TOMORROW -
That we break down.

It is not the experience of TODAY that drives men mad.
It is remorse or bitterness for something which happened
YESTERDAY And the dread of what TOMORROW may bring.

Let us, therefore, live but ONE day at a time.

Spouse/Partner: Rodney

Hobbies – Gardening, adopting rescue animals. I was a math teacher in Fairfax County for years; still work part time at Herndon High School as a test coordinator.

Always remember Mr. Simpson sitting at his desk in the middle of the lobby. Also Mr. Simpson sitting at the table in the café with kids, copying definitions for being late to class.

I have lived in Richmond since completing graduate school at the Medical College of VA (now Virginia Commonwealth University). I retired from the Veterans Administration Medical Center in 2008 after 30 years of service and then worked an additional 3 years at St. Francis Medical Center in Midlothian, VA. During a break in my time at the VA hospital, I started and managed an African import business. A passion for the last 20 years has been mission work, both building projects and medical services in Guatemala, Honduras and Haiti. International travel for vacationing includes time in England, Italy, Mexico, Bahamas, U.S. Virgin Islands, Puerto Rico and other Caribbean Islands.

My daughter Lydia and son Jarrod also live in Richmond, as well as my awesome grandchildren, Abigail and Chase.

For 5 years at LCHS I enjoyed being a band member and recall many concerts, football games and parades. Our teachers prepared us well, as I remember Mr. Poland, Mr. Shipp, Mrs. Meyers, "Miss" Vermillion and others. We were all so lucky to grow up when and where we did. I am really looking forward to this special reunion and hope to see many LCHS classmates.

I have retired from 20 plus years of driving for a horse transport company. Although I still drive occasionally.

My wife and I enjoy taking our bass boat and finding a nice quiet lake on which to fish and spend time together. With the purchase of a hybrid camper we (along with our daughter and her fiancée) are enjoying fun times together.

Our son, William and his wife, Nadia, are now the proud parents of our first grandchild. We are just thrilled to have been blessed with our beautiful grandson, Alexander William Carder. They are currently living in Alaska and we are looking forward to our first trip up there soon.

I left Virginia 4 days after our graduation in June 1963, & have returned only for a few brief periods.

I spent many years in Latin America, 3 of those were as a Peace Corps Volunteer in the Peruvian Amazon in the 60's. Then many years also traveling in Asia, trekking Everest, & Annapurna.

I have worked as an international Tour Director since the mid 80's & continue to do so. I also spent 9 years working at the Santa Fe ski area---& have been an artist for the last 10 years or so.

I'm a westerner at heart, & love living in New Mexico, but plan on seasonal retirement in Mexico, along with my little puppy companion, Buddha.

Spouse/Partner: Lloyd
We have two children, two step-children, and 8 grandchildren

Worked in baking for 19 years, owned my own ceramic business in Purcellville for several years and served as Town Clerk to the Purcellville Town Council. After my bout and survival from breast cancer in 1999, Lloyd and I decided to move to FL.

After camping for many years starting in 1978, we decided to move to an RV park. We have been in this particular park, Quail Roost, since 2002 and I am the office manager having worked in the office since 2007. We love it here and I get to meet and greet all the fellow campers to come stay at our park.

We have met many wonderful people over the years and have many, many wonderful friends that live here at the park. We have enjoyed our past cruises, our trips out west and our grandchildren. Due to Lloyd's declining health, we are no longer able to travel, but we enjoy what we are doing.

Have a great 50th Reunion!

Kids – Three of my own, two step-daughters from 2nd husband, and two step-sons and one stepdaughter from 3rd husband. Also have 7 great-grandchildren.

Achievements – worked with USDA, Soil/Natural Resources Conservation Service for 40 years. Was Miss SCS in 1971. A number of awards, but biggest was USDA Honor Award in 1997 for stream/river clean-up after 3 separate floods which occurred in western part of VA between June 1995 and Sept 1996. This is the highest award granted to an individual or group for achievement in support of the organization's mission.

Biggest hobby is bowling. Was inducted into the Apple Valley WBA Hall of Fame in 1985 for Meritorious Service. I also enjoy reading.

Travel – Because of my job and bowling I have seen about 90 percent of the USA. Have 1 trip and 3 cruises planned, including one for my 70th birthday in 2014.

My vivid memory of school is the thunderstorm and power loss during our graduation ceremony.

I have been so lucky in my life and truly enjoy every minute.

Dutrow, Phyllis LaRue

9221 Shawnee Trail
Brentwood, TN 37027

(615) 445-0900

I moved to Nashville, TN in 2010 after my husband Scott LaRue died. Worked at the Jewelry Counter here for approximately 9 months, then to retirement. I run around some days taking my 2 grandchildren to school, swim team and other activities. I walk every day, about a mile and exercise to keep fit. I'm anxious to find out where some of old friends and classmates are and what they are doing.

Met my first husband Frank Gallahan at LCHS. We had almost 26 wonderful years together. I married Johnny Silvius and shared almost 9 years together. My third husband, James Long, and I shared 13 wonderful years together much of which was spent camping at Ocean Lakes, Myrtle Beach, SC. James passed away a year ago. Johnny and James were WWII veterans. I moved to South Carolina 9 years ago. I came to LCHS in the 10th grade. I have 6 children and 11 grandchildren. I enjoy doing puzzles, playing bingo, and love my pets. I am looking forward to catching up with the friends I made over the years at County.

Spouse/Partner: Betty

LCHS and Loudoun County Public Schools have been part of my life for 55 years. I have known LCHS as my high school, my children's high school, the place where I met my wife Betty as a fellow teacher, as Principal, and as Superintendent of LCPS. The spirit that nurtured us is still alive and well at LCHS.

I have too many good memories to catalogue them in a short essay, but all of them relate to classmates, teachers, administrators, and activities that filled our high school years and prepared us for the world in which we have lived for the 50 years since our graduation.

Happily for us many who were part of LCHS during the years 1958-1963 are still with us—students, staff, and faculty.

I look forward to a great 50th Reunion! Betty and I have been fortunate to travel around the U.S. and the world. On all of those travels I have taken with me the foundation I received at LCHS.

Spouse/Partner: Sheree

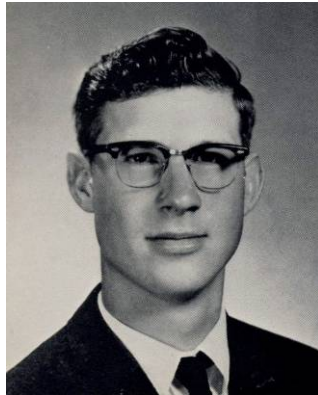

I have been married since 1979 to Sheree a speech pathologist in Loudoun School System. I graduated from Shepherd College in 1968 with a degree in elementary education and taught for 36 years as a fifth grade teacher in Loudoun County Public Schools. I was a finalist for Teacher of the Year in 2000 and that was one of my highlights in education.

I enjoy umping girls' fast pitch softball games and also officiating youth basketball games in Loudoun County. I have even called high school games in both sports.

Sheree and I love to travel. We have been on 8 cruises including a lovely cruise to The Mediterranean.

I have fond memories attending LCHS and have become closer with many of our classmates. As people say, "Those were the good ole years to grow up in Loudoun." I remember Mr. Simpson, Mr. Stanley, Mr. Poland, Mr. Larson, Mr. Vance, and Mr. Linn. They provided us with a solid education. Go Raiders!!

Academics: BA in Psychology, MEd in Counselor Education and MA in Christian School Administration. I have been employed as a Special Education Teacher, a Principal, and a Middle School Guidance Counselor. I retired in 2004.

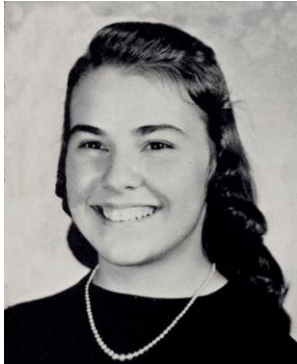

I married Frances Hoffman (classmate) in 1966. We have two sons: David of Canandaigua, NY and Gary of Stephens City, VA. We also have two grandsons: Kevin and Ryan, also of Canandaigua, NY.

I have been a stamp collector for most of my life and have amassed a fairly large collection. I specialize in collecting world-wide stamps that depict birds. As a stamp collector, I am a member of the The American Philatelic Society. I also enjoy reading, mainly novels.

Fran and I are members of Fellowship Bible Church in Winchester.

We also enjoy travelling. Our favorite destination is Canandaigua, NY to visit our grandsons and enjoy the lake. Other places we have visited are the Outer Banks of NC, Greece, Scotland, and Israel.

Howard Charlotte

(703) 777-1514

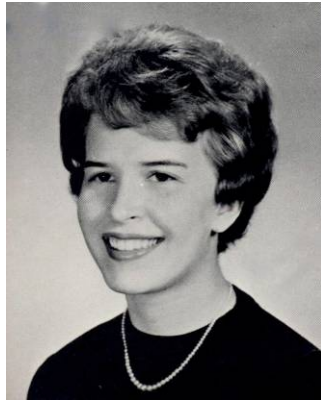

Single. Along with my Mother I cared for my older sister Joanne in our home for 18 years until she passed away. Currently work part time at my church, The Worship Center as Business Administrator/Bookkeeper. (Retired from Loudoun Times-Mirror as Assistant General Manager.) Live in my home place near Leesburg, Va.

Very active in my church; lead Seniors, choir, Women's group, Care Team, feeding program for needy, etc. Have taken 3 missions trips including South Africa, El Salvador and Brussels, Belgium at Continental Theological Seminary.

I am a four year cancer survivor.

My goal is take other short-term missions trips in the U. S. and overseas.

Spouse/Partner: Raymond

I am still working. I work for Inova Loudoun Hospital. I am the office manager for the Wound Center and I have been with the hospital 33 years. Besides our home in Leesburg, we own a home in Madison, VA.

Don't do much traveling because of work and church takes up most of my time but when I have time, I like to do crafts, read and cross stitch. I hope to retire sometime next year or at least go part time.

I think we should all cherish the time we are in high school because that is one of the best times of our life; even though we don't think it is at the time we are in school. It is to bad we have to get old to realize it.

Jeffery Richard

P.O. Box 1567
Kamuela, HI 96743

kenslee@hawaiiantel.net

(808) 885-6344

Spouse/Partner: Aulani

My primary hobby right now is deep sea fishing; trout fishing is a close second. I play a little golf...nothing to brag about, and watch World Cup Soccer.

I am retired State of Hawaii FIFA Referee. In a nutshell, graduated Virginia Tech in 1969; retired as a Captain from the US Marine Corp in 1975. Started a career as a Financial Advisor in Frederick, MD; moved to Hawaii in 1982 and continued growing my business on the Big Island of Hawaii to the present.

I'm happily married (finally), with two grown kids and four grandchildren.

Life is good, and I have so much to be grateful for. One of my most vivid memories at LCHS was when Mrs. 'Hamburger' (I apologize, I can't remember her proper name, but I think most of you know who I am talking about) grabbed me by the ear and dragged me to the V. Principal's office to be interrogated for some apparent mis-deed that supposedly had occurred one night, also in the company of Billy Spencer & Vince Williams. And also, to this day I don't remember walking across the stage on graduation day.

However, we did all survive, and it was quite a ride.

Jewell, Mary Ann Yockers

P.O. Box 51
Paeonian Springs, VA 20129

mayockers@aol.com

(540) 338-4535

Upon graduation, I began my career working for the Federal Government, retiring in 2001 with 38 years service. Married to Billy Yockers for 40 wonderful years. As a result of this union, I was blessed with one son, David, a graduate of George Mason. I was also fortunate to enjoy, with fond memories, opportunities for traveling, camping, boating, motorcycling, NASCAR, and tons of family functions.

After retiring, my husband had two different bouts with cancer. He passed away in 2009 from esophageal cancer after a courageous battle. Being his primary caregiver was a labor of love for me the last two years of his life. For several years after his death, I experienced deep grief and pain. However, after attending a group support program called GriefShare, I was able to process my grief and began to return to normalcy and a closer relationship with God. Presently, I am co-facilitating GriefShare and find that I am now able to help comfort others with the same comfort I found. My hopes and dreams for the future include missions and travel.

I appreciated Mrs. Hough for making me practice and practice in shorthand and typing. These skills lead to obtaining higher positions in my career. We received excellent skills from all our teachers at LCHS. I have been blessed in so many ways.

After graduation, I worked for the U.S. Department of Agriculture. I went from there to the private industry and later to a management consulting firm.

I married and moved back to Loudoun County.

Sam and I traveled the East Coast, Hawaii and to Williamsburg in Tending to build a home and live there but wound up in Halifax, VA where Sam passed away in 2012. I still reside in our home there.

I have volunteered at our local Red Cross and our local hospital. I spent several years at these places and also at our local library as a volunteer. I also do a good deal of work at our church.

I have 3 stepsons, 5 step-grandchildren and 1 step-great-grandchild.

My best memory of LCHS will always be Mr. Simpson seating at his desk. He was very helpful to every student and got me a job at Loudoun National Bank.

I have been Germany, Holland, Switzerland, and the Bahamas.

Later on in life, I worked for Xerox repairing copiers. After 26 years, I retired.

My time now is spent with my family, especially my two granddaughters.

I have done a lot of family research as well as research on my elementary school in old Arcola. We have had two reunions at the old school and are planning the third.

I retired from the United States Judiciary in December 2009. At the United States Court of Appeals for the Federal Circuit, I held the position of meeting and event planner. Federal Circuit judges have total jurisdiction throughout the United States on various areas of the law. For instance, intellectual property cases (patents and trademarks), and certain cases against the government. The court travels, by mandate, to the various district and federal courthouses around the country to hold court and hear cases. I organized the travel, and traveled with, as many as 12 judges, 24 law clerks, 8 support staff and anywhere from 6 to 14 United States Marshall's. I also arranged conferences, meetings, and other events at the Howard T. Markey Federal Courthouse in Washington, DC, and in the attached historical buildings-The Dolley Madison House, The Tayloe House, and the former Cosmos Club.

Since retirement I have enjoyed many sports and hobbies: bowling locally and tournaments in Pennsylvania, Louisiana, and Nevada. I love watching our Redskins and Nationals, scrap booking, and jewelry making.

I've traveled to Japan, Hong Kong, the Carribbean--most often Paradise Island in the Bahamas and to Key West. My favorite trips have been to Alaska--I've been there five times, the last trip we drove from Seattle to Anchorage, camping along the Alcan and enjoying nature.

Loudoun County High School has been a wonderful part of my life – not only did I spend my five high school years there, but after our two sons (also LCHS graduates) began elementary school, I enjoyed 22 years of teaching English and advising the yearbook staff at yes, LCHS!

Retirement has been filled with the joys of having five grandchildren, the rewards of club activities and volunteering, the exhilaration of travel, and the fun of spending more time with family and friends. Mel and I are thankful for these many blessings and are happy to be renewing friendships at my 50th reunion!

In 1978, I moved to Winston-Salem, NC to take a job in one of the country's largest group private dental practices. After getting my National Dental Assisting Certification, I was able to get a lead position there. It came to a total of 32 good years in dentistry before retirement.

My terrific children, each have 2 children. In 1981, I married Henry Fansler from Winston-Salem and that added 2 stepchildren and now totaled 10 grandchildren.

We love camping with the family in NC mountains and beaches. We've traveled some, Hawaii being our favorite place. Our local "Y" is huge and I am an avid fan.

Have accomplished everything I wanted to in life but most recent greatest accomplishment is spending many hours swimming, reading and going to Starbucks with my 7 and 8 year old grandchildren.

I recently told someone who was feeling down that the greatest wealth one can have is not in having lots of money but in being a good husband and parent. When you die, your money will not attend your funeral and mourn for you but your loved ones and friends will.

However, our greatest accomplishment in life is in knowing our soul is going to heaven and in helping as many others get there as possible.

Finally, thank you and God bless you Dickie for all your hard work on behalf of the class of 1963. You have helped bring our class closer together.

I taught for 6 years in Loudoun and Germany, where I was married in a genuine castle. My spouse and I raised 2 children in a regular house on Ft. Lee.

After a year of grad school at VCU came divorce and a plunge into single motherhood. I wrote and edited nationally circulated publications, chiefly in education. Iffy health forced early retirement.

I spend my days messing around in the garden and ferrying my 2 grandchildren around. My best pal, currently, is a Labrador retriever. West Virginia is not well known for an active social calendar and lavish galas.

Spouse/Partner: Betty

I have 2 children and 5 grandchildren

Here we are in Georgia. Never thought I would leave Middleburg and if I did, it might be to move to our log cabin in southwest VA off the Blue Ridge Pkwy. We built the cabin in 2004 as a place for family gatherings from OH, GA, & VA. This worked for a few years, but due to growing kid's schedules & health issues for Betty and I it became less used. Long story short - We are all now in Marietta, GA within 3 miles of each other. After 17+ years of driving our "2000 mile loop" to visit everyone and be involved in their lives, here we are. Our oldest grandson, Samuel, graduated from high school in May and is in Basic Training at Fort Leonard Wood, MO.

I'm a proud Granddad. Because of the move, I have the woodworking shop I've always wanted. I think Mr. Kane, a great teacher and friend, would be happy. I was privileged to work in the Intelligence Community as a staffer and contractor for 40+ years. For a little country boy from Middleburg and Loudoun County it was an amazing life changing experience. It afforded me the opportunity to work with and learn from some of our nation's finest servants and to be involved with things I could not have dreamed of. I share this background with you only to say that I believe LCHS, it's Teachers, and the values and beliefs we were taught, allowed us to achieve whatever goals we chose. It may not have seemed it then, but the five years we spent as the Class of 1963 at LCHS were truly a very special, unique, and sadly never to be repeated time for those who followed. Our 50 Years together speaks volumes for this Class.

Thanks to all who continue to make our times memorable

Spouse/Partner: Francine

After working at Defense Mapping Agency for 5 years and 3 years in the Army in which I had tours in Korea and Vietnam, I went into the trucking business. I spent 18 years driving a tractor trailer and logged 2 million accident free miles. I held licenses in real estate and life and health insurance. I retired from a large national roofing company as purchasing agent.

Since our senior class didn't get a senior trip, one morning Ruthie Schneider, Pam Throckmorton, Skip McCauley, Frank Beers and myself decided to skip school and went to the Smithsonian Institute in Ruthie's boyfriend's souped-up '58 Chevy. Needless to say we were at the Round Table the next day. Also, I remember having to serve time at the Round Table for recording "Puff the magic Dragon" on the Dictaphone in Mrs. Richardson's class.

I've lived in Loudoun my entire life. Began my career working at the National Gallery of Art as Private Secretary to the Personnel/Security Officer. I also worked for the Office of Emergency Preparedness and a Military Contractor in McLean. Then I worked for Satellite Business Systems based in McLean and then transferred from there to IBM in Manassas from which I retired.

I've owned and raced thoroughbred horses and have travelled to a lot of different tracks around the country.

I have 3 children and 2 grandchildren, Hunter, 13 now and Peyton, 11 -1/2, both of whom I am very proud. I've spent a lot of time as a spectator at all the different sporting events they participate in. I love playing cards, particularly Texas Hold'em and Omaha Hi Lo Poker.

I'm just proud to have grown up in the old Loudoun County and to have been a student at LCHS when it was the only high school in the county.

LCHS years were such a nurturing, encompassing, never forgotten period of life. There is nothing since which quite compares to the mystery of making great new friends and sitting with honorable and visionary teachers. LCHS created a caring environment where accomplishment was recognized and those of my sort generously tolerated and given the 'benefit-of-the-doubt'. (Thank you, Mr. Kelly! & many others...)

Since our high school time I've been to other edifices of learning, big & small, young and ancient, but what can compare to the support, times together and lessons of true friendships made at Loudoun County. I guess I only regret not having spent time at the river drinking beer with Billy, John, Vince and Rich.....

Kids David & Rebecca are not as weird as their Dad, and quite good people: son spends most hours on his surf board in San Diego breakers when not working, & daughter, who has lived more of her adult years in Europe and Asia than here, will be in Scandinavia for the next several.

Retired from paying jobs (50 years already?!) split rather evenly it seems between midnight shifts at 7-11 and law, I'm now involved with traveling and volunteer work (& motorcycle riding and tv and movies and cutting grass & etc., etc.) These are things that now make me, & us all ask, "Where does the time go?"

It will be so good to see friends again at the 50th (whew, we made it?)

My history has been formed, I think, by a series of choices which at the time seemed to make little sense either to me or to the people in my life who loved and protected me.

My accomplishments, on the other hand, are pale in comparison to what I consider this, my greatest achievement: sustaining a 50-year connection to those of you who were with me during both the "best and worst" of times.

To have the opportunity to reconnect with so many of you with whom I shared so much is a great gift. I believe we, as a class, are unique in not only reaching this milestone, but also maintaining those ties that bound us together and that created a foundation in high school for shaping the adults we were yet to be.

Thank you all for including me in the journey and I look forward to continuing the ride during many more reunions.

(206) 543-4050

Spouse/Partner: Pat

After I graduated from George Washington University in 1967, I traveled abroad some, went to graduate school at Brandeis, and briefly taught anthropology at Rhode Island College. A long relationship ended in 1973, so I went west with my sister Valerie (class of '61) and her husband, who was starting a medical residency in Seattle. I thought I'd just help them set up and return to my job, but I ended up staying for forty years! I began a long career as an editor at the University of Washington Press and retired March 1 of this year. Scholarly publishing was a better fit for me than teaching and I have loved working with authors and producing books.

My husband, Pat Soden, and I have two children, John and Cassie, and one granddaughter, Zoey (7). John, Jen, and Zoey live only an hour and a half north of us (in Bellingham, WA), so we get to see them often. Cassie lives in San Francisco--a really good place to visit. Although I haven't been retired long enough to know what I'll be doing next, I do know Pat and I will travel. Next year we're going to Burma, where my mother was born and raised and where my parents met, a trip I've longed to take since childhood. How hard it is to encapsulate a life in two paragraphs! I got a good start at LCHS and have tried to make the most of it. Life has been wonderful in this gorgeous part of the country.

Greetings to you all. Have a wonderful time in September.

Turney Bill

205 East H St
Brunswick, MD 21716

Bill.cherylbt@verizon.net

Spouse/Partner: Cheryl Turney

3 children and 8 grandchildren

Cheryl and I recently retired from the Frederick County Md. Board of Education. She worked 33 years and I put in 45 years. My memories of LCHS are all great. We have a great class.

I got an under grad degree in communications at the University of Richmond. I later received masters degrees in Administration and Counseling. I taught English and PE for 16 years. I coached high school football for 15 years, high school basketball for 10 years and high school track for 3 years. I was the senior advisor of BHS for 21 years.

I have run my own private counseling business for the past 28 years. During my career as a public speaker I have spoken in over 400 churches and conducted marriage conferences in many of those churches.

My greatest joy is to spend time with family and friends. This, of course, is why I'm looking forward to our reunion.

The 1st half of life was given to travel & education. Important early quests involved travel to Spain to study guitar, architecture, acquiring along the way training in engineering & physics at GW, a degree in finance at Old Dominion, a graduate degree in the classics at Johns Hopkins.

The second half of life has been spent in application of things learned in the 1st half.

Now, in the 3rd half of life, not given to everyone, there is reflection. Accordingly, I have begun to put pen to paper in various writings. I attribute this, in part, to English composition in Helen Neiman's class, and equally, to the words & definitions written at Mr. Simpson's lunch table, advanced education awarded in exponential degrees only to precocious prodigals like myself.

An open letter to my 1963 LCHS classmates:

Well, our time grows shorter, so I feel compelled to write this, even though I don't remember many of you, and don't recognize many others. I moved to Loudoun County in 1959, in mid-ninth grade, from D.C.. The culture shock was profound: as if I had moved to the Mississippi Delta from Manhattan, even though the geographic distance was only 35 miles. However, I adapted, and some of my most cherished memories are from the years I spent with you in high school. I developed strong friendships which endure to this day. And as those years recede farther into the past, they become more suffused with a golden glow of nostalgia, and the angst and pain seem to recede. I look at the faces of those of us who have passed on with sadness and love, though I didn't know some of them. I hope you are doing a good job decorating that gymnasium in the sky in readiness for that Great Homecoming Dance to come. We'll see you before too long. Some of us realized our great dreams and expectations, some didn't. Life never turns out how we planned. The best we can hope for is to be able to put the bad stuff behind us and learn to love and understand each other, and ourselves. I still dream about my old Chevy. I am driving down a country lane on a soft summer evening to pick up a date, (your name here). I know that those years were not so wonderful as I imagine, but they were filled with that magical sense of possibility, of becoming. Now we are grown up. REALLY grown up. But that eager young soul still lives in all of us, no matter how life has ground it down. For myself, I look with pride and a heart full of love at the generations which follow me, for that is where immortality lies.
