Who's the Biggest Fool?

Hear about the newest trend at Marshall? Let me be the first to inform you. It's called the Conservative Dress. We—the students of Marshall—are so privileged—we can wear almost anything we want just so we follow the immediate rules.

1. Boys—wear belts at waistline.
2. Boys—no loud colors—all colors are considered loud except gray, brown, black, mud brown and swamp green.

3. Boys—must wear hair at least 1/4 inch above ears. It might come to 1/2 inch. Also girls are being pressured into haircuts. You will see the day girls will be forced into haircuts 1 inch above the ears, if they want to continue schooling.

4. Last but not least, boys must wear foot apparel. No cheating, boys, by showing toes or pinkies. It is now a mortal sin to have any part of the foot visible to the public.

Now, girls, you are so lucky:

1. You are permitted to show lower leg — which may be later outlawed.

2. You must not, however, appear well dressed. You also may over indulge in such exotic colors as khaki brown, monkey vomit green, yellow and gray just as the boys.

So, as you see, the TREND has changed. . . . So kids, get with it. Be in the IN crowd, wear dull unappealing clothes and do not try to be a nonconformist. It just won't work.

New Courses Offered Qualified Students

by Cilla Babbys

As George C. Marshall believes in preparing its students for everyday life, it hereby offers the following practical courses.

Once again it is offering *The Bone Structure of the Ibex*. If someone doesn't take this soon, we are going to have to throw him away.

In addition to Driver Training, a course is now offered in stopping the car, otherwise known as *Parking*, or Physical Education 1. No credit is offered for this course, but it is well worth taking. Instruction will be given in back seat offensive, what to do when the police turn on the spotlight, etc. Students are cautioned that at no time will less than three people be permitted in a parked car, two of whom must be the same sex.

Pre-pseudo is also offered. Special courses will be given in maltese crosses, how to fake an ID, and how to hide your brains.

Beginning Zestism is one of the newer courses, basic instruction for the thing is the main concentration of this course.

Intermediate Zestism, available only to students who have mastered *Beginning Zestism*, gives further instruction, building up to actually doing the thing itself. One quarter is

devoted to "How to Clean Up the Debris."

Advanced Zestism is for students who are no longer fooling around with this bit. Vocational preparation in this field is one of the best in the county.

Plagiarism is a thorough preparatory course for aspiring AC and Creative Writing students. Main course concentration is how to convince your teachers you naturally think like *Mad* magazine, or your mind picks up things fast.

Spring Fever, or *Senior Sweet Williamism*, is a favorite of the upper class, as the whole cluck course is devoted to pulling petals off flowers.

Seniors will be able to take *Pre-historic Philosophy* (P.P.) under the

expert instruction of Mr. William Flitizivig. Such intriguing theories as Ich E. Gruntschatchy's Man's Relation to the Dionnaurs and DoDo Birds will be analyzed in depth. *Underwater Basketweaving* I and II will also be offered for all interested students. However, there will be many expenses, since pupils will be expected to supply their own oxygen tanks and other necessary equipment. Other new courses will include *High Altitude Myrtle Gardening* and *Advanced Thumb Twiddling*.

Next year will prove to be an interesting year, and many GCM students will be eager to witness the marvelous metamorphosis about to take place. So, seniors, why worry about graduation? Come back next year and LIVE!!!

Need we say more?

GCM to Witness Future Changes

A number of improvements will be made at GCM for the upcoming school year. Returning Statesmen indeed have things to look forward to.

Beginning with the 1966-67 school year, all desks will be supplied with built-in transistor radios, direct-circuit dial-o-phones to the nearest Tops drive-in, and stainless steel No-Doz dispensers. Bathrooms will be furnished with wall-to-wall ashtrays and unremovable toilet seats. The cafeteria will also receive a variety of new items. All trays, plates and utensils will be completely disposable, and incinerators will be built into every table to accomplish such a feat.

Graduation Committee Reveals Theme for Class of '66 Getaway

The graduation theme has been decided for this year. It's most polite form is "Let's Get Out of Here." Instead of speeches, only records will be played. The main one under consideration is currently "Exodus" which is just about the way everyone is thinking about now.

This year's graduating class has initiated some reforms which future

classes should appreciate. Freshmen will be permitted to kiss senior rings, and if they are real good, they may be able to smoke the grass in the senior courtyard. Sophomores will be allowed to kiss senior hands, and to walk down the same side of the hall. Juniors will be allowed to kiss seniors, and to even talk to them. This is what is meant by "Senior Privileges."

GCM Looks Forward To Exciting Dramatic Productions Next Year

by Barbara Weber

George C. Marshall High School can look forward to an exciting schedule of dramatic productions next year. Two plays and one musical comedy will be presented.

The first play, to be presented in late October, will be a stylized presentation of the eighteenth century masterpiece, *She Squats to Massacre*, by Oliver Goldfink. It will be presented by the members of the freshman class because of their superior maturity and insight into human nature. The sets and costumes will all be done in varying shades of blood red.

The second production of the year

Promtime Is At Hand

by Terrie Fix

The Prom Committee has disclosed that this year's prom will be a progressive prom through hysterical old Georgetown — the town of big happenings. Faculty members have already volunteered to chaperone at certain illustrious night spots.

Miss Scott will chaperone at the Scarlet Garter, the first stop of the evening. Miss Rudniki will be on hand at the Crazy-Horse, where there is a most assured casual atmosphere. The next stop is the Keg where (surprise!) Col. Baker will greet you — if you have a pass. "The Group" will slowly stagger towards the Corral, where good ole' Mr. Dove will be wearing his Davy Crockett suit and demonstrating his latest rope tricks. Mrs. Heitmann will silently admit you to the Speak-Easy, but once again you must have your passes, this time signed by 85 teachers and stamped PLEASE ADMIT in bold red ink.

The remaining participants will backtrack to the Frog, where Mrs. Askew will be wearing her famous lily pad corsage from Waldon Pond. The last stop will be at the Cellar Door, where Spar will greet us — but please be sure to return your mugs and pitchers to the appropriate place.

At the conclusion of the evening the queen and her court will be presented to the still coherent members of this grand occasion. The queen will be furnished with a crown of flashing silver pop tops presented by Miss Purple (alias Miss Sykes) who will have her muckrake in case of danger.

will be *The Epic of Euripides or A Trip to the Tailor's to Repair a Torn Toga*. This play will be presented in early January on the football field, in the traditional amphitheater style. Admission will be two drachmas and an olive leaf. At the final performance, the best actor will be presented with a crown of laurels and a one-way ticket to the Mount Olympus Spa.

The 1966-67 year will be concluded with the spectacular musical comedy favorite, *I Don't Know Where Charlie Is, But Will Steve Do?* This brilliant finale of the season, with its ninety-three set changes, will be presented in the spacious facilities of the band room. Because of the enormous seating capacity of the band room, the play will be presented for one night only.

Due to the excellence of the GCM Drama Department, the school will be the site for a motion picture to be filmed the summer of 1967. The movie currently scheduled is *Betty Crocker's Crock Book or The Strange Eating Habits of the Somaliland Cannibals Upon the Arrival of the Pilgrim Settlers*. Because Mr. Gee Mitchell Cobb has been chosen as the best drama coach at GCM this year, he will be allowed to hold cue cards. All students who think they are great enough to participate in this movie are invited to try out, but don't expect too much; everyone doing the casting is a fink.

Pseudo Society To Hold Drive

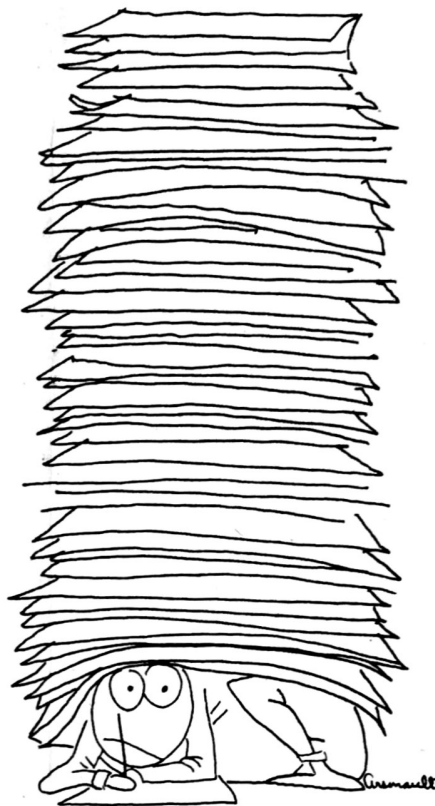

NOT BY RKL

Today the Pseudo-Sophisticate Society will hold its third annual membership drive. The Society, which prides itself on its small minority of twenty members, has very strict qualification requirements.

"Applicants must be immature, shallow, false, and mossy before we will even consider their applications," said the Grand Sham. "Their applications must show that they have never participated in quasi-religious rituals such as pep rallies, school plays, and other two-minute hate sessions."

The Grand Sham's progressive plans for next year include refusing to clap in assemblies and holding silent sessions in which all twenty members (attendance mandatory) will sit as a silent bulwark against school spirit.

"If you want to be a member, get your application blank right away! We're fast running out!" warned the Grand Sham.

Night before, term paper!
