## Rememberi

After 5,180 hours spent on rote learning, a little inspiration, grade grubbing, and then again some honest work, the Class of '69 bids George C. Marshall good-bye. Included among the memories of their four years are:

1965-66

that lost, confused feeling that all freshmen suffer the first day

-eight cheerleaders of their very own -a \$7.50 block

-a Halloween Homecoming float the one and only Frosh Fool Day

-fire the and only Frost Foot Day students vs. administration . . issue: plaid pants -frosh football and basketball finish with 4-6 and 2-10 records, respectively

the rise and fall of SPAR (Student Privileges and Responsibilities -acting as guides at freshmen orientation, something they never had 1966-67

returning as upperclassmen, but still trampled on by juniors and seniors -the short reign of George, Jr., as school mascot -a losing homecoming float, "Whip da Webels," portraying George, Jr., and a harvest moon dance

Utopia dance that was not quite ideal

—"Under the Sweetheart Tree"—their first official dance
—propaganda and prizes spurred them on in the first Magazine Drive
—the Class of '69 and the school board clashed over redistricting. McLean and Oakton gained some Statesmen, but not as many as originally planned their sponsor changed from Miss Lawrence to Mrs. Pendray

the end of the seven period day and study-lunch

-the junior generation began with "heads you win, tails you lose"
-at Homecoming, both their "Kill, Karve, and Konsume" float and the team

and during exams GRADUATION: JUNE 5, 1969!

With mixed feelings of joy and sadness, the class of 1969 of George C. Marshall leaves with four years of memories and hope for the future. Two sentimental seniors express the opinion of the majority of the Class of '69, "To say thank-you for the knowledge and experiences is not enough but what else can we say?"

## Carrying On

The Class of '69 leaves behind a legacy of creativity, scholarship, change, and excellence which the rising Senior Class must acknowledge and strive to equal. The challenge of maintaining Marshall High School as an institution which is deserving of respect and yet respectful must be met not only by the rising seniors, but by all those who will attend her next year and contribute to her image and productivity.

Radical change in the present educational system is advocated by many who feel that a changing society necessitates educational adjustment. The validity of this point is beyond reproach, but the responsibility must be accepted to safeguard against latent negative forces which would favor changes calling for an "educational system" that would no longer offer what is accurately defined as education. The need, then, is for responsible, rational adjustment which provides an optimum of learning opportunities. This challenge stands before all students of GCM, past, present, and future.

TO THE 1969 GRADUATING CLASS

This is a day when congratulations are in order not only to the graduates but to the parents, teachers, and administrators whose efforts have helped to make this achievement possible extend my heartiest congratulations to all of

At a time when there is much talk about the At a time when there is much talk about the differences between the generations, I think it is useful to remark upon a similarity between your graduating class of 1969 and my graduating class of 1930.

Your high school years have been historic ones. When you entered high school, man was making

his elementary steps into space. In your senior year, three brave Americans journeyed around the moon. When I graduated from high school, the moon. When I graduated from high school, only three years had passed since a man flew for the first time across the Atlantic Ocean. Despite the obvious difference in years, we have this in common: we all know what it is to be young at the start of an age of adventure. You will discover, as I did, that each person must make his own exploration of the world, make his own discoveries, shape his own triumphs, endure his own tragedies. Each of us is an explorer of himself, of history, of knowledge, of the intricate and beautiful and wonderful varieties of experience. Each of you will make a different kind of exploration, some in continued formal education,

ploration, some in continued formal education, some in industry or business or agriculture. Whatever your choice, learn. Learn all you can

Your final year in high school was the beginning of an age of adventure, an age you will help to shape. You have my highest hopes and best wishes.

My year here in the United States has come to an end, and I want to take this opportunity to tell you how much this year has

me.
When I first arrived here, I was still under When I first arrived nere, I was still under the impression that everything was a dream, and that it wasn't happening to me. My first days at school were terrible because I did not speak English and I felt I was inside a bottle, away from everything and everybody. As the days and weeks passed by, I began to

As the days and weeks passed by, I began to feel more at home. I enjoyed all the school activities—from the AFS, Spanish, and Keyette clubs to which I belonged to the basketball games. I never thought that I would have school spirit because in my school in Chile, we don't have anything like that. But I felt it and I feel it for Marshall.

My opinion of American people has changed quite a bit. I came here knowing a little bit about the United States from magazines, newspapers, and movies, but I believe it is necessary to live in a country to realize what it is really like. Now I know that the people here really like. Now I know that the people nere and the people in my country are the same, but it took me along time to realize it.

I think that I am more mature now than before because I have been here without my family and at first I felt kind of lonely. But

before because I have been here witnout my family, and at first I felt kind of lonely. But living with Cindy Hodgkin and her family has made me feel at home because they gave me their home and their love. They are like my second parents now and they will be the rest of my life.

I would like to thank Mr. Anderson, president of the AFS, adult chapter, and his wife, Mr. Twentyman, AFS Ciuo s, onsor, all my teachers who made my year a lot easier, Mr. Broaddus and all the student body for this magnificent year in the United States.

Maritza Carvajal

#### Schulz, Hudson Complete the Year As May Statesmen of the Month

The Class of 69's final Statesmen of the Month, selected by the House of Representatives, are Susie Schulz and Hobbard Hudson.

Known as "Madame Editor" this year, Susie junior. Also as a junior, she served as chairman of the Junior-Senior Prom. Susie was treasurer of the National Honor Society this year, and is Social Secretary of the Tri-HiY. Seventh in the senior class,

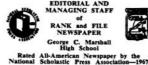

Seventh in the senior class, Susie was elected the girl Most Likely to Succeed by the Senior Class this year, and was selected by the Rank and File staff for the Washington Star's "Most Valuable Staffer" award.

Hobbard Hudson brought honor upon Marshall as the winner of a \$1000 scholarship from the National Achievement Scholarship

Program.

Hobbard's activities here at GCM include service as Vice President of both the Science and Math Clubs, and as a member of both the Math eam and National Honor Society. He ranks

tenth in the Senior Class, and was an alternate for this year's It's Academic team.

#### Semantics Students Watch Themselves on Television

by Terry Hughes

In an unusual experiment in improving communication, Mr. Victor Kryston, English teacher, recently had a video tape crew in to film his third period General Semantics

Mr. Kryston explained that some time ago Mr. Robert Smith, executive director of the Northern Virginia Educational Television Association, came to interview Mr. Robert Wallace, social studies teacher, and him on their opinions of the use of tele-vision in County high schools. After Mr. Kryston mentioned that a class had suggested the use of TV to im-prove communication, Mr. Smith contacted the County Media Center, and

subsequently set up a filming date.

Two bright lights, microphones hung from the ceiling, and two cameras were used to film the class. Seats were arranged in a horseshoe, so that one camera could be trained on the speaker, while the other seaton the speaker, while the other scanned the listeners. The class talked for approximately 20 minutes on the value of college, after which the tapes were rewound and played back. Two television sets, one for each camera, were used for the showing. Although there were also two sound tracks, only one was used, which was syncopated with the lip movements of the second set.

Mr. Kryston commented, "My goal or idea was to try to give the students a chance, firstly to see themselves as others do, and, secondly, to gain insight in how they come across to others.

Senior Tim Holmberg, one of the participating students, stated, "When

Volunteer attendents are needed for the third successive Muscular Dystrophy Summer Camp, which will be held again at Camp Mon-tresor, Leesburg, Virginia. The camp will be held during the week of June 14 to June 22, and will be supervised by the M.D.A.A., registered nurses, and the camp staff. Volunteers are also allowed free time to enjoy the camp's swim-ming, canoeing, horse-back riding, and other facilities.

and other facilities.

watching the replay, I would see the situation and remember what I had been thinking during the conversation. When I didn't express my opinion verbally, I would compare my thoughts with what the next speaker said.

"The main benefit was watching what others thought of me when I was giving an opinion. In class, this isn't possible. I also got an opinion of myself as others see me and saw how I expressed myself."

(Continued from Page 1 Column 2)

part of Student Relations, whose duties have been expanded. The Wel-fare and Publicity Committees have also expanded. One of the most interesting developments for next year is the "long-handled" Interscholastic High School Communication Committee. "We hope that through visits to witness the governments of other schools new and helpful ideas will be discovered," says Onnie. The committee chairmen are: Jim Skalnik, 10, Parliamentarian; Candy May, 11, Elections: Gary Calore, 11, and Chuck Phillips, 11, Building and Grounds: Sue Woodward, 11, Social Functions: Jennifer Lippincott, 11, Student Relations: Sue Spiece, 11, and Student Relations: Sue Spiece, 11, and Wayne McAllister, 11, Publicity: Richard Baker, 11, Welfare and Community: Brenda Harris, 11, Philosopher in Residence: Steve Holstrum, 11. Entertainment. Steve and Jim Skalnik will also be co-chairmen of the Interscholastic Communication Committee and Brenda Harris will add the Magazine Drive and the Cru-

sade Against Ugly to her duties.

The SCA as a whole agrees that the entire student body must participate in school affairs, particularly the underclassmen. "We must elim the apathy that was apparent in all phases of GCM affairs this year, and phases of GCM affairs this year, and bring the class governments closer to the SCA," exclaimed Peggy Aamodt. An idea proposed by Onnie Donnelly is to aid this purpose by conducting an Officers' Meeting (SCA and class) every month.

In spite of the radical face-lifting

that the SCA will undergo next year the newly-elected officers make i clear that projects such as the Dress Code Council will be continued.

Onnie and her staff's systematic ap-proach to their tasks gives rise to the speculation that next year's SCA might be GCM's best ever.

The 1968-69 sports year brought recognition to some of GCM's outstanding athletes in Sport-Folio (left) and a 4-6 football record.

#### SPORT-FOLIO SPOTLIGHTS NO ONE

Can it possibly be that Marshall has run out of Super-heroes to spotlight? Will sport-folio fold and disintegrate before our eyes? There can only be one answer? Of course not.

Instead of just spotlighting a last, single solitary statesman, I've decided to recap those sports "stars" of the past eight months. To start the story off with a bang I asked them to recall their "Most Memorable Moment in High School Sports."

Eddie Carbaugh '69

"My whole sports career has been memorable to me, however, there are a few moments which I'll always remember. In football, there are a tew moments which it always remember. In football, there were three special moments: my first regular game as a varsity regular in the '67 Homecoming game against Madison, my first two Pt. after Td.'s' and eight receptions against Falls Church in '68, and my first touchdown against Oakton in the '68 Homecoming game. In wrestling my first win against Lee and my first and only pin against Herndon. Finally, in tennis, the winning of the district championship. These events are most memorable."

"I wrestled three matches this year that I will never forget. The reason these three are so special is that nobody had won before my match. It is quite a feeling when the score is 30-0 etc. to go out and win your match. Especially when you have somebody yelling for you."

\*\*Metmen Capture Marshall's First District Company of the compa

"My most memorable experience was in the game with Madison in the tournament (which we won). I scored 12 points in that game, and every time I scored I would say to myself that we could do it. It is just a wonderful feeling to beat a team like Madison." Rick Gauch '69

"My most memorable moment in sports would probably be the night we defeated Madison for the Great Falls Tournament Championship. I contribute the victory to a brilliant team effort, no one could have beaten us that night."

Gary Roth '69

"My most memorable moment in sports was in my sophomore year while I was on the varsity baseball team. At the time this game was played, W and L was the league leader. Pitching for them that night was Mike Slade. Slade's outstanding pitching ability had brought out at least fifteen major league scouts to watch the game. I started for Marshall and I was able to match Slade by pitching a no-hitter while he did likewise. I finally lost the game in the seventh inning on two errors. I didn't know how great that night had been for me until now. I'll never forget the feeling of pitching my only no-hitter."

Tim Holmberg '69

"In one hour on an athletic field you learn more about life & eople than you can learn in a classroom in a lifetime.' A teacher

told me this when I was just a freshman and in the 4 years since, it has become very obvious that it is true.

For in my 4 years I have seen guys who all their lives will be quitters; guys who will be quiet and dependable; guys who will crack under pressure, or come through under pressure, and so on covering into the processor of the processor

just about every type person alive.

To me this is my most memorable moment in high school sports, for sports have taught me two very important things about life.

The first is that wanting something bad enough isn't enough, you have to work to get it. The second is that you only get out of something what you put into it."

There were two other sport-folio veterans who were supposed to

submit a similar paragraph but; as John Brown put it "there isn't enough space on the page to put all my memorable moments" and as Bobby Page put it "&%!?!!X."

All in all it has been a trying year for the players, coaches and the writers who write of them. Wait . . . I won't make any excuses. And last but not least my thanks to you, the readers for giving

sport-folio what little success it has had.

## Statesmen Sports Retell Story Of Placing But Not Winning

surprises, and the inevitable disappointments head-lined the 1968-69 sports year at GCM.

"We've been number two a lot this season and we're still trying harder," notes Athletic Director Herbert Yost. "The competition this sports year in our district has been as good as in any other district and a lot depends next year on how well the boys on this year's JV teams can come

**FOOTBALL** 

A 4-6 Varsity football record featured three exciting district wins and a 14-13 victory over former district rival Falls Church. For the first time in four years, GCM won its Homecoming game, a memorable 47-7 swamping of Oakton, and went on to win the Homecomings of Langley and Herndon. Losses to McLean and Madison capped the season which Coach Cloud termed "disappointing." "We lacked a consistent, topflight, offensive leader. All three quarterbacks did a good job at one time or another, but not

consistently. And John Brown was hurt so much."

Brown and other key seniors like Eddie Carbaugh, Tim Holmberg, Gary Roth, Dennis Mitchell, Carl Onachilla, and Bruce Barner will be lost through graduation.

BASKETBALL

The awesome offensive threat of Bobby Page coupled with the relentless GCM full-court press ushered in a new era of pleasing consistency to Statesman basketball. Coach Robert Smith's "good team victories" counted 16 to only 5 losses, shattering former school records. Our running

## District Crown

Marshall's first fully recognized sports district championship by posting a 4-0 league record with wins over Madison, Oakton, McLean, and toprated Langley. Ending the season at 7-1 overall, the fuzzballers met York-town in the regionals at Fort Relative The 9-0 loss did not reflect the close matches which started at 1:30 and did not end until 6:00.
